

Bungalowpark “De Egelshoek”

Dear visitors and owners,

With summer well underway and the park busy with people, we would like to remind everyone of the most relevant park rules in order to make your and everyone's stay at the park as pleasant as possible.

Speed limit: 10km/hour

Within the entire park the speed for motorized traffic is limited to 10km/hour. Not without reason. Paths are narrow at some points and not easy to navigate by lots of green, resulting in cluttered driving situations. Anyway, pedestrians and children have priority. Children can appear in front of your car/motor at any time.

Please note: 10km/hour is not equal to 20km or 30km/hour. Keep your car in first gear, please.

Follow the road signs

Regardless the location of your bungalow; always follow the direction assigned by road signs

Parking

Parking is only permitted at the designated parking places. Parking your car at the bungalow is only allowed for loading and unloading. Exceptions are rarely granted and can only be issued by the member council of the owners association, in writing.

Pets

Pets are allowed in the park. They remain your full responsibility during your stay.

Dogs should always be on a leash when walking in the park. A dog toilet / playing field is available at the south-west end of the park. Dog poop needs to be removed immediately by the owner.

Noise

Please be considerate for your neighbors, they also want to enjoy their stay at the park. No noise is allowed between 22.00hour en 07.00 hour.

Smoking and open fire

The park is in a beautiful wooded area. This also means that at times dry weather may cause a wildfire hazard. Always obey park rules concerning open fires et cetera. Please extinguish your BBQ when finished.

For your fire basket outside or fire place inside only completely dry wood is permitted. This to limit the smoke and smell of burned wood for your neighbors. Please consider your neighbors, especially when there is no wind, high humidity or mist; smoke will stay low and cause an unhealthy and unpleasant environment.

Should you have any remarks / questions....

Owners can contact the member council of the owners association; guests and visitors can contact the reception. For more info: www.vve-egelshoek.org.

We wish you a pleasant summer stay in our beautiful park!

The member council of the owners association Bungalowpark De Egelshoek1
